Dear Doug,

Thank you very much for sending all of that stuff up with Barbara, especially the typewriter. I have already used it several times. We translated the convention badge into Spanish, Tagalog, and Arabic but needed the Arabic typewriter for the script. It came in very useful. I worked on it with Said Al-Alas from Lamont; I think it came out well.

Being in charge of Purchasing, I can assure you that the Union will take responsibility for the condition of the typewriter. We have a budget for machine repair so that if anything should happen to it, it will be fixed. I have it here in my office and any one using it will have to go through me first.

I am not really sure what to do with your archives . I have them locked up in our stor-room and have advised Info/Research of the contents but I am not sure what sort of immediate use they will be put to.

Thanks for everything. Keep in touch. Let me know when you are in the area.

Viva,

Joe Daley
